# FAVORITE *Works*

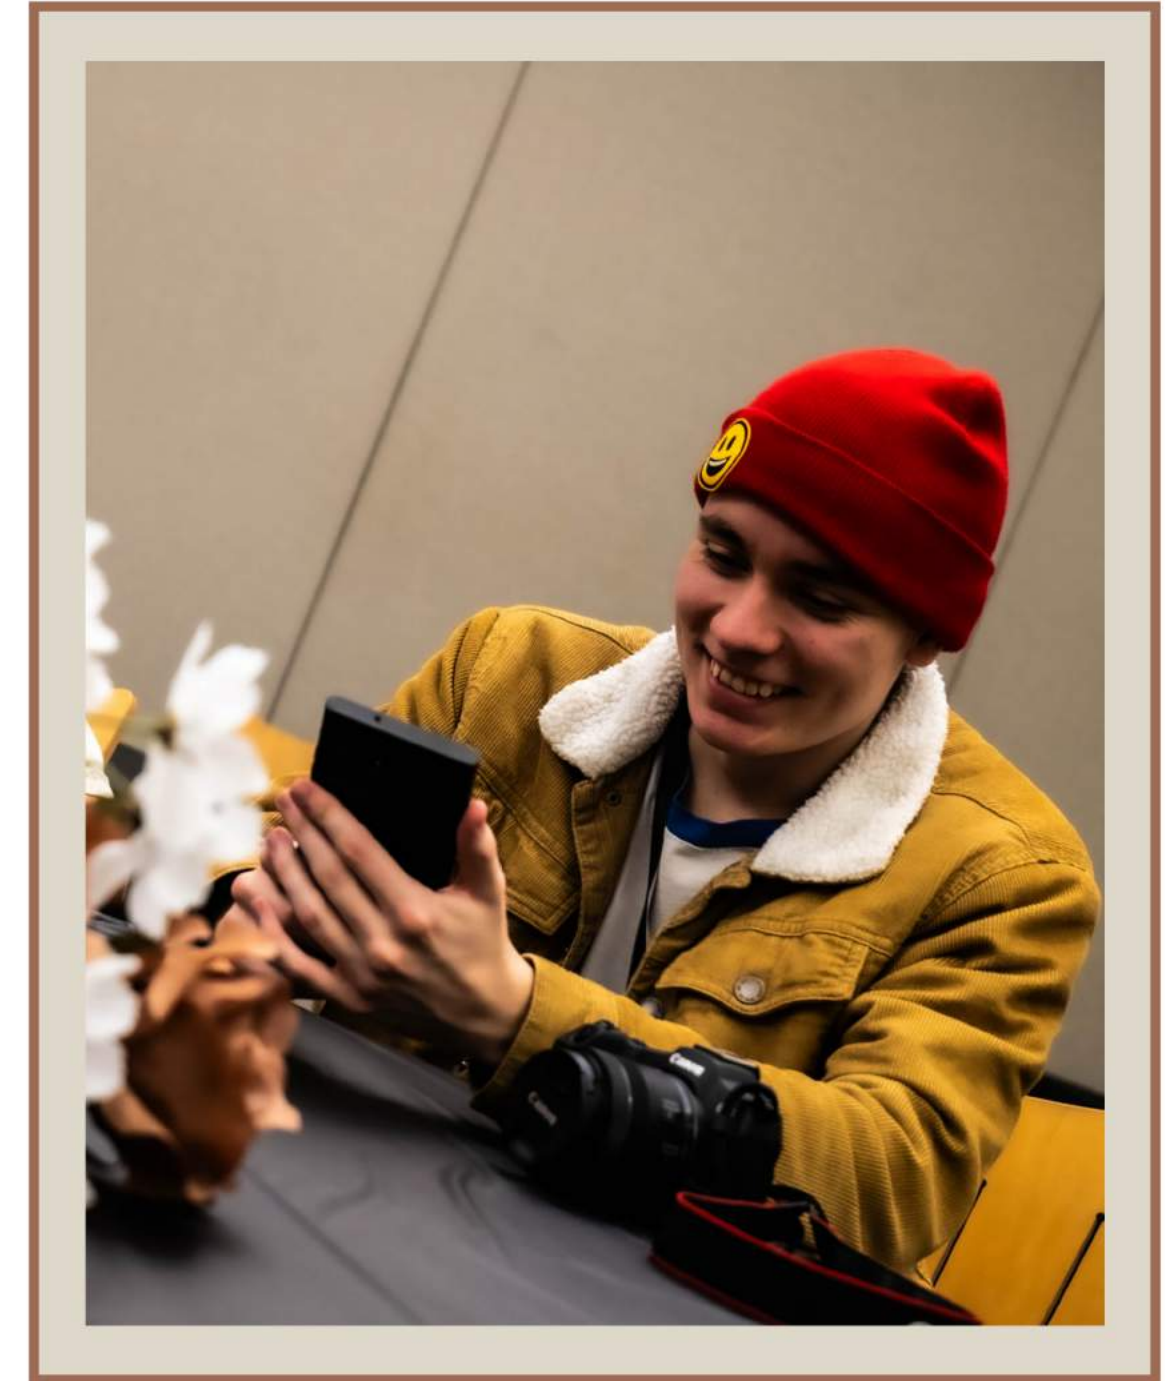

# THE PINNACLE (FIRST EDITION)

With a crew of only 8 team members, I helped create and guide the production of Pierce College's newly established student publication, The Pinnacle, corroborating with four pages of my own. We won two best of show awards against 500 other national colleges!

# THE PINNACLE (GRAD. PUBLICATION)

In a shorter timeframe than the first edition, I helped facilitate the graduation publication of the Pinnacle. Taking a more assertive approach in this publication, I led my team and taught them rules of white space, coloring, font sizes and press packaging in order to bring out their best selves, and subsequently their best work.
