

## EMERGENCY COMMUNICATIONS

*In the event of an emergency, delay or closure.*

### DAY CLASSES

Every effort will be made to make a decision to close or delay day classes prior to 6 a.m.

### EVENING CLASSES

The decision to close evening classes will be made by 3:30 p.m.

Ch. 13 - KCPQ (FOX)  
Ch. 4 - KOMO (ABC)  
Ch. 5 - KING (NBC)  
Ch. 7 - KIRO (CBS)  
Northwest Cable News

### TEXT, PHONE AND EMAIL ALERTS

*Employees and students are strongly encouraged to sign up for text messages and email messages that will alert them to emergency situations, direct their course of action, and notify them of both the "ALL CLEAR" and situation outcome when it is safe for such notification to be made.*

**Employees** — Employees may sign up for emergency text and email notifications online by going to our Intranet, in the left hand column under Electronic Resources, click Emergency Notifications, login, and choose the type of alerts you prefer, i.e. text, cell or home phone automated calls, and/or email.

**Students** — Students can also sign up for emergency messages online during registration or by logging into their "MyPierce" account and clicking on the Emergency Notifications link. All credit classes at Pierce College have an online presence in Canvas, which you can access at [pierce.instructure.com](http://pierce.instructure.com). Ask your professor for more information on procedures that will be followed if the college ever cancels classes unexpectedly.

**Other** — Non-credit students and community members can also sign up for emergency messages by visiting <http://bit.ly/pcnotify>, which can also be found on the Pierce College Campus Safety page of our district website.

For more safety information please refer to [www.pierce.ctc.edu/campus-safety](http://www.pierce.ctc.edu/campus-safety)
